

Colour Guide

The power of colour

Colour plays a powerful role in our everyday lives. Like a symphony, it tells us when to feel energised, helps build creative energy, and can bring a sense of calm.

We understand that colours are an invaluable tool allowing you to bring your carefully curated designs to life. Because of this, we work closely with the colour experts to ensure we provide you with the best colour options for your projects.

Find the colour inspiration that you seek in our beautifully curated Autex Acoustics® colour palettes.

● Custom Frontier™ in Rosada, Acros, Falling Water, and custom colour

● Leaf Bubble Tea, New Zealand

New colours

Introducing our four new colourways: Canyon, Caspian, Highland, and Terrace.

Expertly developed and mindfully curated to expand not just our palette but also your design possibilities, this new colour story is inspired by the great outdoors.

From deep and mysterious oceans to verdant highlands, sun-baked canyons and ancient geothermal terraces, these rich but muted hues are subtle interpretations of their original muse. With a natural ease, they sit effortlessly alongside our current palettes.

Each colour is available for all products, including Cube™, Vertiface®, Composition®, Frontier™, Lanes™, and Vertiface faced Quietspace® Panel, which are carbon neutral and use a minimum of 45% recycled PET.

Caspian

Hovering between grey and blue, this stormy hue can be dramatic or subdued, depending on the environment/setting/light. An alluring alternative to charcoal, deep green base notes make this complex colour a chameleon capable of transforming a space.

How to use

This background is colour matched to Caspian and is overlaid with complementary colours from our palette.

For visual impact, use a complementary colour combination

For a moodier palette, use analogous colour combinations and combine similar tones

Soften with the inclusion of a warm neutral

Diffuse with the inclusion of a warm neutral

Or temper with similar hues

Caspian comes into its own when combined with muted tones that bring out its warm base notes

Highland

Golden undertones imbue this delicate moss green with a subtle warmth. This muted earthy tone mimics a warm neutral and will revitalise a space without overpowering it.

How to use

This background is colour matched to Highland and is overlaid with complementary colours from our palette.

For visual impact, use a complementary colour combination

Celebrate Highland's inherent nature and combine with similar verdant tones

Soften with the inclusion of a warm neutral

Diffuse with the inclusion of a warm neutral

Or temper with a similar hue

Highland works beautifully with neutral hues, including lighter tones

Terrace

A subtly hued alternative to warm grey, this dusky purple tone combines warmth and lightness to create a colour capable of illuminating a space. Soft grey undertones ensure this shade is a sophisticated version of a traditional mauve.

How to use

This background is colour matched to Terrace and is overlaid with complementary colours from our palette.

For visual impact, use a complementary colour combination

For a more measured impact, use analogous colour combinations and combine similar tones

Lighten with the inclusion of a soft neutral

Diffuse with the inclusion of a warm neutral

Or temper with similar hues

Terrace is most at home with natural greens and warm neutrals

Canyon

A dash of pink enlivens this softly sun baked terracotta. A colour reminiscent of summer, this friendly orange hue will add a sense of space and light to your room/surroundings.

How to use

This background is colour matched to Canyon and is overlaid with complementary colours from our palette.

For visual impact, use a complementary colour combination

For a more measured impact, use analogous colour combinations and combine similar tones

Soften with the inclusion of a warm neutral

Add drama back in with a contrasting colour

Or temper with similar hues

Pair it with other peppy tones for an optimistic colour palette

Cube™ colours

Available in 23 colours, Cube™ is a lightweight, semi-ridged acoustic panel made from compressed polyester felt.

Cube is the base product used to create Horizon™, Vicinity™, Frontier™, Accent Ceiling Tile, Cascade™, Cove™, Lattice™, Lanes™, and Groove.

Rosada

Peppy bubblegum pink, this fun shade will animate your space with its upbeat blend of yellow, red and white.

Pavilion

Keeping it simple and sophisticated with pure white will lighten a room, and the other colours within it.

Savoie

Warm grey undertones make this a versatile tone that is at home with both warm and cool colour palettes.

Flatiron

Cool and composed with a subtly marbled surface, this perfect mid grey gives a sense of depth.

Herald

A marled finish adds a dynamic edge and a touch of warmth to this classic true grey.

Empire

This flinty charcoal grey with a subtly variegated appearance is a softer alternative to pure black.

Petronas

A classic jet black, this saturated tone will add depth and definition to a space, creating a contemporary backdrop.

Opera

A subtle blend of neutral hues including the barest trace of pink adds hidden depths.

Terrace

Soft grey undertones ensure this shade is a sophisticated version of a traditional mauve.

Parthenon

A natural earthy fawn with a hint of olive green, this mid grey beige is soft and welcoming.

Beehive

A dynamic energised hue that lives happily between sunny yellow and tropical cantaloupe.

Senado

Perpetually upbeat, this sunshiny hue is infused with a touch of orange ensuring it lands on the warmer side of bright yellow.

Canyon

A colour reminiscent of summer, this friendly orange hue will add a sense of space and light.

Sargazo

A saturated crimson red, with a deep berry stained hue has black base notes intensifying its dramatic energy.

Cavalier

Muted dusky grape with a hint of grey, this sophisticated shade of purple brings a quiet confidence that can be both soothing and stimulating.

Gherkin

Restorative and grounded, this soft earthy green offers a balanced presence in a space.

Highland

This muted earthy tone mimics a warm neutral and will revitalise a space without overpowering it.

Acros

A lively light green refreshed with a dash of acid yellow, Acros will rejuvenate a space and your mood.

Tree House

An elegant deep emerald with black undertones, this saturated dark green creates an intimate sanctuary.

Caspian

An alluring alternative to charcoal, deep green base notes make this complex colour a chameleon capable of transforming a space.

Pinnacle

Ground your space and calm your mind with this saturated inky blue.

Falling Water

Combine this buoyant light aqua with similar tones for an energetic environment, or paler companions for an easygoing atmosphere.

Muralla

A true mid blue with an easygoing hue brings balance to your space.

Vertiface® colours

Available in 39 colours, Vertiface® is a durable and versatile fabric wallcovering made from 100% polyester fibre.

Vertiface is the base product used to create Composition®, Symphony®, 3D Tiles, and Vertiface faced QuietSpace® Panels.

Savoye

Warm grey undertones make this a versatile tone that is at home with both warm and cool colour palettes.

Flatiron

Cool and composed with a subtly marbled surface, this perfect mid grey gives a sense of depth.

Empire

This flinty charcoal grey with a subtly variegated appearance is a softer alternative to pure black.

Petronas

A classic jet black, this saturated tone will add depth and definition to a space, creating a contemporary backdrop.

Opera

A subtle blend of neutral hues including the barest trace of pink adds hidden depths.

Terrace

Soft grey undertones ensure this shade is a sophisticated version of a traditional mauve.

Parthenon

A natural earthy fawn with a hint of olive green, this mid grey beige is soft and welcoming.

Beehive

A dynamic energised hue that lives happily between sunny yellow and tropical cantaloupe.

Senado

Perpetually upbeat, this sunshiny hue is infused with a touch of orange ensuring it lands on the warmer side of bright yellow.

Canyon

A colour reminiscent of summer, this friendly orange hue will add a sense of space and light.

Sargazo

A saturated crimson red, with a deep berry stained hue has black base notes intensifying its dramatic energy.

Cavalier

Muted dusky grape with a hint of grey, this sophisticated shade of purple brings a quiet confidence that can be both soothing and stimulating.

Gherkin

Restorative and grounded, this soft earthy green offers a balanced presence in a space.

Highland

This muted earthy tone mimics a warm neutral and will revitalise a space without overpowering it.

Acros

A lively light green refreshed with a dash of acid yellow, Acros will rejuvenate a space and your mood.

Tree House

An elegant deep emerald with black undertones, this saturated dark green creates an intimate sanctuary.

Caspian

An alluring alternative to charcoal, deep green base notes make this complex colour a chameleon capable of transforming a space.

Pinnacle

Ground your space and calm your mind with this saturated inky blue.

Falling Water

Combine this buoyant light aqua with similar tones for an energetic environment, or paler companions for an easygoing atmosphere.

Muralla

A true mid blue with an easygoing hue brings balance to your space.

Stonewash

A laid back blend of blue and white, this relaxed hue embodies classic stonewash denim - cool and a little bit quirky.

Atlantis

A transportive deep sea blue, this subtly variegated fibre evokes the enigmatic Atlantic ocean.

Porcelain

Subtle blue undertones ensure this hazy hue is a soft cool grey that will reflect the light and create a sense of space.

Electric Blue

Eternally optimistic, a brilliant bright blue that will light up your day.

Ink

With violet undertones, this sapphire blue is a deep sophisticated version of a classic royal blue.

Calypso

An intriguing pastel version of ultraviolet oscillating between blue and purple creates a contemplative atmosphere.

Octane

An alliance between blue and green, with warm undertones to ground your space and calm your mind.

Spearmint

A soothing dusky blue green, Spearmint is an obliging hue that will shift to suit the colours it mingles with.

Sage

Like whipped up sea on a blustery day, this moody hue will shift from green to grey depending on the light.

Jade

An elegant muted mid green infused with a hint of yellow, brings tranquillity to your environment.

Lime

Fresh and citrusy, this good natured green will simultaneously refresh your space and soothe your senses.

Granny Smith

Supremely confident in its inherent greenness, this effervescent hue is the ultimate bright green.

Blazing Red

Splendid in its brightness, this intense but playful hue exudes confidence.

Chilli Red

A classic deep red with crimson base notes, is a passionate tone bursting with energy.

Vintage

Rich, warm and comforting, this enveloping colour brings warmth to a space.

Simba

The barest hint of brown ensures this vibrant spicy orange sits on just the right side of intensity.

Myst

This elegant pale grey brings a little more to the table than white, settling a space with its quiet character.

Koala

The perfect medium grey infused with warmth to soften its smoky coat, creates a welcoming grey tone to unify your space.

Herald

A marled finish adds a dynamic edge and a touch of warmth to this classic true grey.

Colours

Our range of acoustic wallcoverings have long been favourites within the education, commercial, and hospitality industries to help reduce reverberation, and create more productive environments.

To ensure you have the most relevant colours for your projects, we are refining our colour ranges. Selected colours are now available across multiple ranges.

Cube™

23 colours available for Cube™, Horizon™, Vicinity™, Frontier™, Accent Ceiling Tile, Cascade™, Cove™, Lattice™, Lanes™ and Groove.

Custom colour

As creators and innovators, we understand your pursuit of the bold and unusual, the rare and exceptional—the brave, colour-outside-the-lines ideas. Every space you design is unique, therefore, every element—from floor to ceiling—should be tailored to fit.

Customise your acoustic solution with our Surface Finishes and bring your interiors to life with high-res graphics, murals, and photography printed directly onto the acoustic panels.

Easy to colour match, we can print to your selected CMYK or Pantone palette to match or compliment painted walls in your building and ensure colour continuity throughout your design.

With endless colour, pattern, texture, and graphic possibilities, Surface Finishes gives new meaning to the word custom.

Colour suggestions

Find inspiration for your bespoke pattern or solid-colour print with our colour suggestions. Select colours to match or compliment your colour palette with paint, CMYK, and Pantone matching available.

Acoustic Timber™ finishes

Bringing tones and textures traditionally found in our natural environment indoors is a powerful way to add character to any space. While being visually impactful, the presence of timber designs helps to improve comfort, engagement, and creativity.

● The White Room, New Zealand

We are proud to be a carbon neutral organisation

We have reduced and balanced all carbon emissions from our business operations, including manufacturing to zero.

We offer entirely carbon neutral products

All our products are carbon neutral with emissions offset through certified carbon credits.

0 kg

CO₂-e per kg of product

Sustainability pillars

The five pillars of our sustainability strategy define all aspects of our operations and the products we offer.

01

Climate change demands climate action We are carbon neutral in everything we do.

02

Closing the loop We are advocates for closing the loop on waste. We contribute by using recycled material through to creating recyclable products.

03

Sustainable supply chain We carefully select responsible suppliers to eliminate unethical practices and encourage good working conditions.

04

Supporting wellbeing in buildings All our products are made using only safe materials. No harmful chemicals are used in any stage of our process.

05

Operating a business for purpose and profit We strive to have a positive impact on our environment, our people, and the next generation.

In everything we do

Our journey to carbon neutrality

1967

Founded in Auckland, NZ, creating underfelt for the flooring industry

1990

Established a zero-waste production line

2012

Reclaimed waste trimmings, **reducing raw material use and associated emissions**

2017

First EPD's published and started measuring **greenhouse gas emissions**

2020

Dematerialisation project which reduced raw material use **by 30% for core product**

2021

We balanced all emissions from our **acoustic products to zero**

2022

We balanced all emissions from our **global operations to zero**

Australia
New Zealand
United States of America
United Kingdom

How we're fighting climate change

The climate crisis is the biggest issue of our generation. As a product designer and manufacturer, we have an opportunity to help improve the carbon impact of our industry.

Our operational carbon emissions

We are a carbon neutral business. We actively monitor the carbon emissions of our entire operation to better understand our carbon footprint and how we can further reduce emissions. We have an internal strategy to reduce our carbon emissions and have successfully delivered a number of carbon reduction initiatives within our operations. Any carbon emissions that are currently unavoidable are offset through certified carbon credits. We have a commitment to purchase only verified carbon credits that are retired on robust registers to ensure we are driving positive change.

Key business activities contributing to our operational emissions

Embodied carbon of our products

Our products are carbon neutral, and we are the first business in our industry to include the cost of carbon in our products. We consider this an investment in present and future generations, and simply a cost of doing business. We calculate the embodied carbon of our products, from the raw material to the manufacturing gate, using industry recognised ISO standards. We have reduced the carbon footprint of our products through smart design and efficient manufacturing. While the embodied carbon of our products is low, they still do have a carbon impact. We mitigate this through our Carbon Neutral Product Initiative by offsetting the equivalent emissions using certified carbon credits. These carbon credits are generated from projects focused on renewable energy, fuel switching, and reforestation around the world.

Key activities contributing to the embodied carbon of our products

Certifications

Certifying your green building

Autex Acoustics products meet criteria for WELL, LEED, Green Star, and BREEAM building rating systems, helping you achieve certification for your project. For support and guidance on available rating system points please visit www.autexglobal.com, or speak with your Autex Acoustics account manager.

Environmental Product Declaration

An Environmental Product Declaration (EPD) is a document that communicates information about the life-cycle environmental impact of a product, including embodied carbon. Our EPDs are created and verified in accordance with ISO 14025 and EN 15804, used for construction products and services.

GreenRate – Level A

GreenRate is a multi-attribute environmental certification that scores products on a range of environmental, health, and social measures. Autex Acoustics products are certified to achieve GreenRate Level A. Level A is the highest GreenRate level and demonstrates the highest level of product sustainability.

Declare – International Living Future Institute

The ingredients in our products have been reviewed against the Living Future Challenge Red List and achieve a Third-Party Verified 'Red List Free' status.

Products achieve the highest 'LBC Red List Free' status when:

- Ingredients are 100% disclosed and are not found in the Red List
- Products are shown to meet VOC emissions limits

We assure the accuracy of our certifications by having our Declare labels independently verified by a third party expert.

Health Product Declaration

A Health Product Declaration (HPD) is a document that reports the ingredients of a product and the health effects associated with these ingredients. A Health Product Declaration has been generated for each of our products.

CDPH Standard

CDPH Standard Method (CA Section 01350) is a widely used standard to evaluate building products for low volatile organic chemicals (VOC) and formaldehyde emissions. All Autex Acoustics products meet the limits set by CDPH and the LEED building rating scheme.

ISO Certifications

ISO 14001 – Environmental Management

Autex Acoustics manufactures under environmental management processes that are ISO certified. This certification gives assurance that we manage any environmental impacts within our operations.

ISO 9001 – Quality Management

Autex Acoustics has a strict quality management system that is ISO certified. Robust quality processes from raw material through to product release help ensure our products meet expectations.

ISO 45001 – Health and Safety Management

Autex Acoustics manufacturing operations have an ISO 45001 certified Health and Safety Management System to ensure the safety and wellbeing of our people.

Autex Acoustics® products are carbon neutral and contribute to WELL, LEED, Green Star & BREEAM certification. Contact your Autex Acoustics® specification manager to hear how we can support your low carbon goals.

Autex is an ISO certified organisation encompassing Quality (ISO 9001), Environmental (ISO 14001), & Health and Safety (ISO 45001). Brand names and logos are registered or unregistered trademarks owned or used under license by Autex Industries Limited. Swatches featured are representative of the final product colours as close as the printing process allows. Please refer to actual samples prior to ordering. This brochure uses low environmental impact FSC certified pulps, manufactured in a facility that is chlorine free and ISO 14001 Environmental Management System accredited. Emissions have been offset and this brochure is fully recyclable and carbon neutral.
