
EMBOSSED ACOUSTIC PANEL COLLECTION

EMBOSSSED ACOUSTIC PANEL COLLECTION

The embossed acoustic panel collection represents the latest innovation from Woven Image. Made using recycled plastic, this design-led collection embraces the trend towards tactile surfaces and three-dimensional textures, interweaving cutting-edge design with sustainability and commercial performance.

Available in four unique designs; Zen, Ion, Gem and Pico, which have been specially designed to provide a floor-to-ceiling acoustic solution for commercial office interiors and pattern matches for continuous wall and double-height installations.

The collection has won numerous international design awards including; The Designer Award for Innovation in Material Product Design, the Dezeen Award for Workplace Design, the FX Design Award for Best Surface, the Architizer Award for A+ Products and an INDE Award.

The uniqueness of the design was observed instantly by the Dezeen Awards judges who said that "in this instance, there was an attempt to define the space in sculptural terms and also give the product tactility". The Dezeen Awards received more than 4,300 entries, from 85 countries across 5 continents.

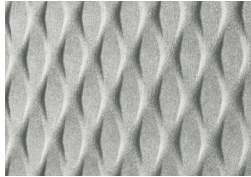

GEM

GEM EMBOSSED PANEL

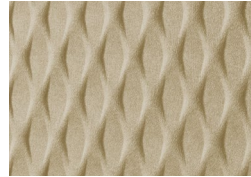

Gem's design is reminiscent of expanded mesh, with offset diamond-like shapes creating a lattice impression across the panel. Available in 20 stunning hues, including warm tones of ochre and cinnamon.

ZEN

ZEN EMBOSSED PANEL

Zen was the first design in our multi award-winning embossed acoustic panel series, and was inspired by the lines and grooves of a Japanese Zen garden. Zen is available in 25 colours, including pale neutrals, mid-tones and darker hues of wine, ivy and indigo.

ION

ION in colours 550 & 908

ION EMBOSSED PANEL

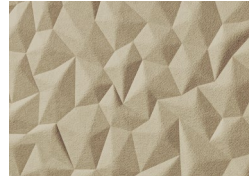

Ion's design is more organic, with multiple triangles that enjoin to make an intricate raised profile. The angled facets that occur from the geometric pattern reference the shapes of origami and folded paper. Available in 20 stunning hues, including classic onyx and cream.

PICO

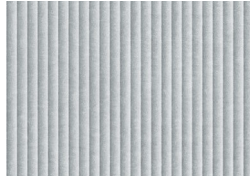

PICO EMBOSSED PANEL

Influenced by the strong architectural trend for vertical linework, Pico's smaller scale design is the perfect addition to our multi award-winning embossed acoustic panel collection. Available in 25 colours, including on-trend, natural hues of sage and lavender.
